Case #16-ZOA-26 – Municipal Civil Infraction discussion

Randy explained that the Township Building Department would like to begin issuing tickets to violators of the ordinances. The Building Department will begin with a violation notice and if the issue has not been taken care of then a ticket will be issued. It is not our intent to go out and write tickets. This will take a zoning ordinance change and we ask that you recommend approval of this change.

Mr. Hamilton stated that the courts do not want to deal with civil infractions and this will cut down on this issues.

There was discussion about each step of the civil infraction violations before a ticket is issued and what all it will cover.
