

# Robert Williams Nature & Historical Learning Center

10069 E. Atherton Rd., Davison

This 100-acre park is located at 10069 Atherton Rd., just west of State Rd. The original parcel was donated to Davison Township by Robert and Jill Williams to be used for the enrichment of the Davison community to preserve nature, history and provide educational opportunities for residents.

The Williams site houses a number of buildings. On Williams Parkway, the first building on the left is designated for Davison Community Schools educational programming. The Davison Township Historical Museum is the next building on the right and houses many artifacts from early families and businesses that helped to grow the Davison area. The last building or North House at the end of the parkway houses the Department of Parks and Recreation programs and events. This building is also available for rent for parties and special events. With grants from the DNR and Land and Water we have added a pavilion and restroom facility onto the North House and a beautiful bridge connecting the trail systems from the east side to west sides of the property and an outdoor classroom and bus parking lot on the west side of this property.

The non-motorized trail system consists of approximately 2 miles of beautiful limestone trails that traverse the hilly terrain and allow you to enjoy its amazing beauty.
