

TRACK YOUR ABSENT VOTER APPLICATION AND BALLOT!

www.Michigan.gov/vote

- Go to www.michigan.gov/vote
- Click on “Your Voter Information”
- Enter your name, month and year of birth, and zip code OR scroll down to enter your driver’s license info – hit enter to search by name OR search by driver’s license

Your information will appear. On the right side under “ABSENTEE BALLOT” it will show if the Clerk’s Office has received your application, when your ballot was mailed (once available) and if the ballot has been received.

- I can’t remember if I already submitted an application to vote by absentee ballot for the November 2020 election.
 - Go to: www.michigan.gov/vote and follow the steps above to verify if you have an application on file
- Are ballots available for November yet?
 - No, ballots will not be available until early October
- If I have an application for November on file, when will I receive my ballot?
 - Ballots will be mailed in early October
- Why do I keep receiving applications to vote absentee? Do I need to complete these to get my ballot?
 - Political parties and other organizations typically mail out absentee ballot applications during election “season”
 - If you already have an application on file, just disregard other applications

Just a reminder: March and August applications were “dual applications” meaning you could select November as well. If you selected November then your application is already on file. Use the steps above to double check if you have already applied to vote by absentee ballot in November.

Thank you,

Cindy Shields
Davison Township Clerk
